Gosport Location

Butterfly is based in the south at Haslar Marina - Gosport,, a 24 hour access secured facility.

We are situated near the Portsmouth Harbour entrance, directly opposite the prestigious Gunwharf Quays development, perfectly located for a quick access to the Solent, cross channel passages and the West Country.

Gunwharf Quays is a modern complex which offers designer shopping, factory outlets, bars, restaurants, bowling alleys, casino and a cinema complex.

The Historic Dockyard features HMS Victory and Warrior.

By Car

From junction 11 of the M27, follow the road to Fareham. At the first roundabout turn left into Gosport under the viaduct. Proceed over the next roundabout, then fork left signposted A32 to Gosport. At Fort Brockhurst turn right on the second of a pair of small roundabouts (sign posted Haslar Marina).

Turn left at the next roundabout (by The Cocked Hat pub) and after a mile there is a small one-way system.

Follow the road round to the right then turn immediately left into South Street (sign posted Town Centre). Turn right at the George & Dragon pub into Haslar Road. The marina car park is situated on the right hand side.

A member of BYC will meet our clients at the Marina office.

By Rail

National Rail services run services into Portsmouth Harbour - The Hard. From there a ferry service (green and white in colour) operates every 15 minutes over to Gosport. As you leave the ferry on the Gosport side turn right and follow the Millennium Walk, which leads to the marina front gates.

Clients travelling by train will be met by a member of the BYC at Portsmouth Harbour station to assist in your transfer to the marina, should you require. A return ticket from Waterloo station to Portsmouth Harbour is approximately £24.00.
